Edition of 300.

The Ink Between Us

More than a Writing tool,
it witness our daily lives,
Our city's pace,
and a generation's journey.

它不只是一支筆，
更承載著我們的日常、
城市的節奏，
與一代香港人的時代記憶。

A pen is a simple object.

In Hong Kong, this one quietly became part of everyday life: classrooms, offices,
shop counters, examination halls, signatures, letters, and many humble beginnings.

Its story began in post-war Asia, in the late 1950s, when a young Hong Kong
entrepreneur and a Japanese family formed an unlikely relationship built on trust.

In those days, business was deeply personal. A handshake carried weight.

A promise had value. Character was the only credential that mattered.

That relationship endured for more than sixty years.

Tonight, this pen is offered as a gift from the Wong family.

Not as a souvenir.

But as a quiet reminder:

meaningful legacies are written slowly, one line at a time.

And some stories are worth carrying forward.

The Spirit of the Hongkonger

The spirit of the Hongkonger was never built in haste.

Forged through Southern Chinese heritage, Judeo-Christian values, and the civic traditions of the British Commonwealth, Hongkongers learned to move through uncertainty with discipline, pragmatism, and quiet dignity. Justice mattered. Integrity mattered. Service mattered. These ideals became character.

In Hong Kong, generations came of age in a city shaped by common law, enterprise, and openness to the world. Across workshops, classrooms, restaurants, hospitals, trading floors, and family businesses, people learned to adapt without surrendering who they were. A distinct character took root: principled, steadfast, and quietly capable.

In 1941, Canadian soldiers stood shoulder to shoulder with Hongkongers in the defence of the city. Under the Commonwealth banner, a bond was forged through sacrifice and shared values, remembered across generations.

Beginning in the 1960s, Hongkongers planted new roots in Canada. Quiet in arrival, deliberate in purpose. They became bankers and entrepreneurs, restaurateurs and healthcare workers, educators, tradespeople, technologists, and community leaders: steady hands trusted to help families and communities move forward.

Through enterprise, service, and civic life, they contributed not only to prosperity, but to the character of Canada itself, helping shape the country while being shaped by it.

Today, that spirit continues.

Not loud, yet lasting.

Not hurried, yet unwavering.

Like an adagio, it moves with intention.

At the Liliu Ball, we gather not simply to honour history, but a living inheritance: strong roots, quiet strength, and a shared determination to leave something meaningful for those who come after us.

Welcome to the Liliu Ball

Hong Kong Entrepreneurs Chamber of Commerce (Canada)

Thank you for joining us this evening.

Whether you have been with us since Chapter Zero or are joining us for the first time, we are honoured to welcome you.

Founded in 2022, the Hong Kong Entrepreneurs Chamber of Commerce (Canada) began with a simple belief: that Hongkongers in Canada thrive best not in isolation, but in trusted company.

What began as a handful of conversations has grown into a network of entrepreneurs, professionals, and leaders across industries and generations. Yet HKECC was built for something greater than networking alone. Lasting success, we believe, is built through trust, meaningful relationships, and a shared commitment to contribute to the country we have chosen to call home.

The Liliu Ball is our signature annual gathering, an evening where culture, entrepreneurship, and shared experience come alive through film, music, performance, and conversation.

This year's theme, Adagio, reminds us that what endures is rarely rushed. Institutions, relationships, and legacies worth keeping are built with patience, intention, and care.

Tonight is about people: those who paved the way, those who continue the work, and those just beginning their journey.

We are grateful you are here.

Message from the HKECC Chair

Three years ago, HKECC began with a simple conviction: that Hongkongers in Canada could build something meaningful together.

Chapter Zero was an act of belief, a gathering of individuals who understood that trust, relationships, and shared purpose matter.

Chapter One, The Hongkonger Accent, gave voice to the stories that shape us, reminding us that identity is carried not only through memory, but through character, contribution, and lived experience.

This year, **Chapter II — Adagio** invites us into a different rhythm.

In music, adagio is movement approached with patience, grace, and intention. After years of transition and rediscovery, that instruction feels timely. We have grown. Now we deepen.

Today, HKECC has grown into a network of entrepreneurs, professionals, and leaders across industries and generations. Yet what matters most cannot be measured in numbers. It is found in the conversation that becomes a partnership, the mentorship that opens a door, the gathering that becomes a lasting friendship.

The Lilium Ball remains our signature annual gathering, bringing together storytelling, music, film, and shared experience to reflect on where we have come from and what we may yet build together.

This year, we are honoured to support the Richard Charles Lee Canada-Hong Kong Library at the University of Toronto, helping preserve the records, literature, and cultural memory of Hongkongers for future generations.

We do not gather tonight simply to celebrate progress. We gather to affirm that the work continues, with intention, with care, and with the quiet resolve of a people who have always known how to begin again.

Thank you for being part of this chapter.

Guest of Honour

Honorary Lieutenant-Colonel Nancy M. Siew, OOnt

Honorary Lieutenant-Colonel Nancy M. Siew, OOnt, is a distinguished community leader whose decades of service have enriched the lives of newcomers, veterans, seniors, and communities across Ontario.

Born in Macao and raised in Hong Kong, Nancy immigrated to Canada in 1976. Educated in Hong Kong through Teacher's College and later in Canada and

Switzerland, she devoted much of her life to public service, citizenship, and community care.

A former federal public servant, Nancy later served as a Canadian Citizenship Judge from 2014 to 2017, formally welcoming new Canadians into Canadian society. For someone who once made that journey herself, the role carried particular meaning.

For more than three decades, her volunteer work has spanned immigration settlement, heritage preservation, mental health advocacy, seniors' support, and veterans' causes.

Following the loss of her elder son, Captain Cletus Cheng, a Canadian Military Police officer, Nancy deepened her commitment to supporting military families and honouring those who have served Canada. In 2018, she was appointed Honorary Lieutenant-Colonel of the Canadian Military Police Academy in recognition of that service.

Nancy has also worked tirelessly to preserve and share Chinese-Canadian heritage through exhibitions, educational initiatives, veterans' commemorations, and multicultural programming, helping future generations better understand the experiences and contributions of Chinese Canadians.

In recognition of her exceptional contributions to Ontario's civic and multicultural life, Nancy was appointed to the Order of Ontario, the province's highest civilian honour.

Her life stands as a meaningful example of how Hongkongers have contributed to Canada through public service, remembrance, and care for the wider community.

The Hong Kong Entrepreneurs Chamber of Commerce is honoured to welcome **Honorary Lieutenant-Colonel Nancy M. Siew, OOnt**, as Guest of Honour for **The Lilium Ball: Chapter II — Adagio**.

Dear Hong Kong Entrepreneurs Chamber of Commerce and Esteemed Guests,

On behalf of the Government of Ontario, I wish to extend my warmest congratulations to the Hong Kong Entrepreneurs Chamber of Commerce (Canada) on the occasion of The Lilium Ball – Chapter II: Adagio.

I would first like to express my sincere appreciation to the HKECC for your important role in supporting the Hong Kong entrepreneurial community across the Greater Toronto Area. In recent years, your organization has created meaningful opportunities for connection, mentorship, and professional growth, helping both Hong Kong newcomers and established entrepreneurs navigate and contribute to Ontario's economy, while also supporting the integration of skilled Hong Kong professionals into the province's technology and service sectors. The Ontario government is matching that commitment to helping entrepreneurs start and grow their businesses by cutting the small business corporate income tax (CIT) rate to provide \$1.1 billion in tax relief to over 375,000 small businesses over the course of the next three years.

This year's theme of 'Adagio' reflects a thoughtful and intentional approach to growth, mirroring the community's continued focus on building meaningful, long-term connections and establishing strong foundations in Canada. This is evident in your continued efforts to create and provide welcoming spaces for Hong Kong newcomers to Canada, where cultural identities and professional ambitions can thrive side by side.

Our government takes pride in recognizing the HKECC as an important contributor to fostering innovation and diversity across the province, and this evening's recognition of your dedicated sponsors and members is a meaningful opportunity to acknowledge those who have supported and advanced your mission.

As you gather together this evening, you are not only celebrating entrepreneurial achievement, but also the ongoing contributions of the Hong Kong community to Ontario's cultural and economic fabric.

I join in thanking the organizers and everyone involved for their dedication and hard work. As you gather for this special occasion, I wish you continued success and all the best for the future.

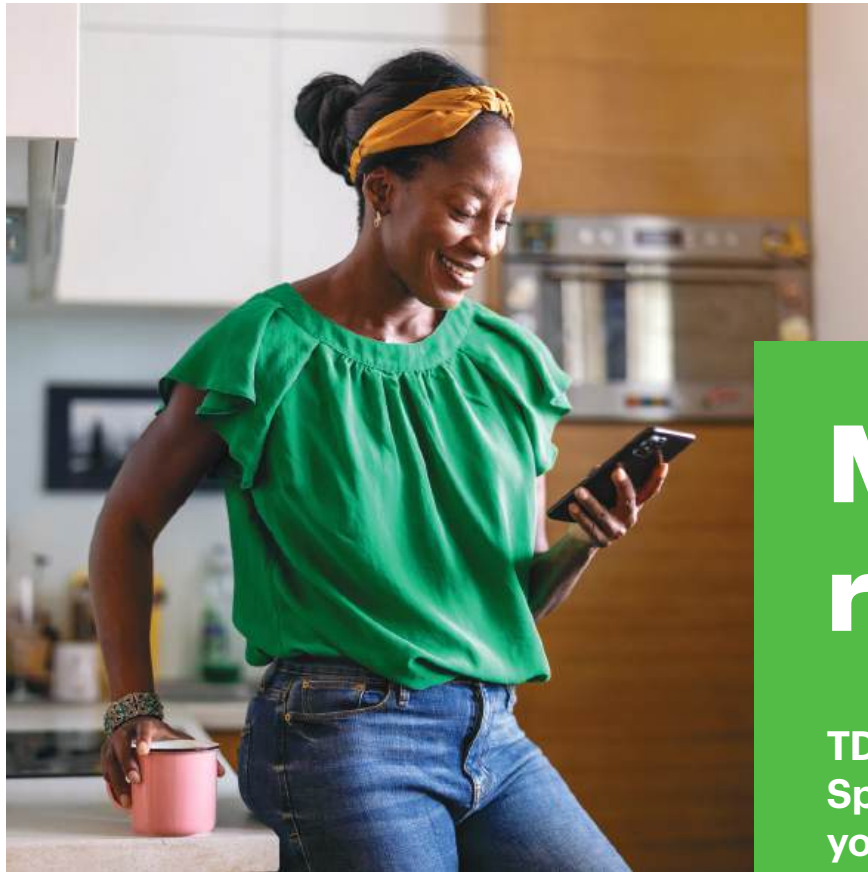

Sincerely,

Hon. Stephen Lecce

Greetings from York Region District School Board

Lilium Ball – Chapter TWO

Dear Allan Tam, Edward Chan, Joseph Tsang of the Hong Kong Entrepreneurs Chambers of Commerce,

On behalf of the York Region District School Board and Board of Trustees, I would like to extend our heartfelt congratulations and warmest greetings to the organizers, guests, and participants of the Hong Kong Entrepreneurs Chamber of Commerce's Lilium Ball – Chapter TWO. It is wonderful to see this remarkable celebration continue into its third year, growing stronger each year as a meaningful gathering of community, culture, and leadership.

The Lilium Ball represents far more than an elegant evening of celebration. It reflects the enduring spirit, resilience, and entrepreneurial excellence of the Hong Kong community in Canada. Across York Region, we are proud to be home to a vibrant and significant population of Hong Kong families and students whose contributions continue to enrich our schools, communities, and shared future.

As educators, we recognize the importance of preserving language, heritage, values, and cultural identity for future generations. Events such as the Lilium Ball provide young people with an opportunity to remain connected to their roots while embracing the opportunities of a diverse and inclusive Canadian society. Through education, community engagement, and cultural celebration, we empower students to honour their heritage while becoming confident leaders and global citizens.

York Region District School Board remains committed to fostering learning environments where every student and family feels seen, valued, and represented. We deeply appreciate the Hong Kong Entrepreneurs Chamber of Commerce for its ongoing dedication to strengthening cultural understanding, community connections, and economic leadership throughout our region.

Congratulations once again on this important milestone, and best wishes for another successful and memorable Lilium Ball – Chapter TWO.

Warmest regards,

Ron Lynn

POISED

Designed by: Natalie Lam & Willie Lam
3D Technical Assistant: Natalie Yuen

Poised inhabits the suspended space between movement and stillness, where slowness, grace, and deliberate restraint gather into form. Like a breath held between notes, it exists in a state of quiet anticipation: calm yet charged, introspective yet unfolding. Within its stillness lies momentum, a quiet crescendo toward revelation. Each curve, each gesture follows an unspoken rhythm; one that asks not to be understood immediately, but felt.

REST NOTE CANDLEHOLDER

Conceived as an extension of the larger sculptural language, Rest Note translates monumental gesture into intimate form. It echoes the same silhouettes, movement, and quiet tension, but at a scale that invites closeness, touch, and interaction. Candlelight slips through its openings, tracing shadows that shift with the hours. Neither merely an object nor ornament, it carries the emotional atmosphere of the larger work forward, transforming the table into a space of pause, warmth, and presence. Each piece was made to leave with a guest, allowing the rhythm to linger beyond the evening.

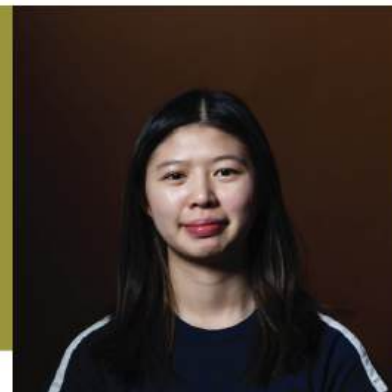

CREATIVE PROCESS

Every sculpture begins with a question: what meaning should this form give to the space it occupies? For the Liliu Ball, that question led through research, cultural context, and the particular atmosphere carried by the gathering: its heritage, its people, and the quiet gravity of what the evening represents. From there, the work developed through sketching, material exploration, and close attention to how form behaves in space: how it reads from across the room, how it shifts as guests move around it, and how light finds its surface. Scale becomes a deliberate language. The work must be commanding without being cold, immersive without losing intimacy. That balance between the monumental and the human shapes every decision, from concept to composition.

CREATION PROCESS

Standing at six feet, the sculpture was conceived to express both grandeur and fluidity, commanding the space while appearing visually in motion, even at rest. Fabrication was developed in close collaboration with Peter of MakerWiz. Each component was individually 3D printed, refined, and assembled into a seamless whole. The process treats digital fabrication not as a shortcut, but as a medium: a contemporary method carrying traditional sculptural intention. Every section was engineered to interlock with precision, preserving the continuity of form across the full height of the work. A custom metal base grounds the installation, allowing the sculpture to feel both weightless and anchored. The result is a confluence of digital craft, structural engineering, and collaborative artistry. A work as considered in its making as in its presence.

ABOUT US

CoLab Impact is the charity initiative and community outreach branch of C.Haus Objekt, created to connect art, design, and meaningful social contribution. Built on the belief that creativity can inspire generosity, connection, and positive change, CoLab Impact brings together creatives, community members, and charitable causes through purposeful collaboration.

For the HKECC Liliu Ball, CoLab Impact contributed to the event's visual experience through feature sculptures, custom table candle pieces, decorative elements, graphic design materials, and curated table décor. Each detail was designed to help create a cohesive atmosphere that blends contemporary design with elegance, warmth, and storytelling.

Through this collaboration, CoLab Impact hopes to show how design can go beyond aesthetics and become a bridge between creativity and philanthropy. We are honoured to support HKECC and its longstanding contribution to the community, and we hope this event continues to inspire connection, generosity, and cultural celebration for years to come.

DocuSeries

Chapter II: Adagio

The Lilium Ball DocuSeries records the Hongkonger experience in Canada through documentary short films, preserving not only what happened, but what it meant.

Each chapter follows a different current in the same long story.

Chapter Zero: Bloom Where You Are Planted — stories of arrival told across generations, with sincerity and heart.

Chapter One: The Hongkonger Accent — an exploration of voice, memory, and identity.

Chapter II: Adagio — a different rhythm entirely.

This chapter turns its attention to two dance companies shaped by Hongkonger artists who have devoted their lives to dance. Their journeys span continents, decades, and disciplines, finding their way, in time, to Canada.

Their stories remind us that talent alone is never enough. What endures is discipline, repetition, and the quiet decision, made daily and without audience, to continue.

The extra hours.

The unseen practice.

The thousands of repetitions that precede a single moment on stage.

In dance, as in life, it is not the performance that shapes the artist, but everything that comes before it.

These films do more than document a community. They preserve something of what that community is made of.

Lilium Ball Chapter II Portrait Studio by Stephen Woo

I have travelled to more than 50 countries. Along the way, I have encountered many different walks of life. Some rich, some poor. Some developed, others still developing. I have witnessed cultural contrasts, moments of conflict, differences between people, and the tensions that naturally arise within societies. Yet through all of it, there has always been one constant that I continue to see: harmony. Despite our differences, peace endures. There exists an understanding, a quiet mutual respect that allows people to live alongside one another. Living in Canada, this harmony can sometimes feel invisible. Not because it is absent, but because diversity flourishes so naturally here. We are surrounded by it, immersed in it, and often take it for granted. Cultures intertwine. People work, live, and grow together, supporting one another along the way. I am both grateful and proud to call this harmonious place our home. As the portrait artist for the Lilium Ball, I hope to capture more than images. I hope to reflect the dignity, diversity, and quiet harmony of the people who make this evening meaningful. My hope is simple: that each portrait becomes a small reminder of the harmony we carry within our own lives, in our own way.
